

“Toronto is among the most active cities for AI in Canada and one of the top places in the world. Today’s students, across all disciplines, need to be prepared to both take advantage of the opportunities afforded by AI and meet the challenges it poses to all.”

Future-Ready?

Understanding AI’s Impact

November 26th, 5 – 7:30 p.m.
Great Hall, Hart House

Sven Dickinson (Chief Scientist and Head, Samsung Toronto AI Research Centre) will explore how AI is changing the nature of work.

The way we work is changing! Be a part of it!
